

Dear Mr Bovis,

I am writing to voice my concern over HP's long involvement with the State of Israel through providing technologies, infrastructure and equipment used in maintaining Israel's illegal occupation of the occupied Palestinian territories. The occupation has been in force for over 50 years, and contravenes international law.

Basic human rights are being denied to Palestinians, with HP being deeply embedded with Israel's deliberate policies of apartheid and oppression.

In support of Palestinian human rights and justice, I hereby notify you of my intention to boycott HP's products until such time that HP and its associated entities, cease all contracts and involvement with the Israeli military occupation.

Yours sincerely,
